

RUBBER TIRES For Vehicles are a Success

People have been a bit skeptical about their wearing qualities, but use of them has proven that they will last as long as steel.

Your wagon will last much longer, and they make driving a pleasure instead of hard work.

If you do not have to purchase a new buggy, bring us your old wheels and have them fitted up with the best Rubber Tires of the market.

Come in and look over our stock of

Wagons, Harness, Blankets, etc.

MIDDLETOWN WAGON CO.,

No 10 Henry Street.

MOWING MACHINE
OIL, best quality, 40 cents a gallon. This oil has excellent body, good wearing qualities and will not gum your machinery. Good for all sorts of machines. Poor economy to use poor oil.

PURE PARIS GREEN—
25 cents a pound. This is not one of the "Trust" brands—(we do not like "Trusts,") and by analysis is high grade—strictly pure. 25 cents a pound.

YOUR FURS AND WOOL ENS—Did you use plenty of Moth Balls in packing them away. 3 pounds Moth Balls for 25 cents.

McMonagle & Rogers, 30 North St. and 155 North St., (North Side Pharmacy).

IT IS GRATIFYING!
to us, when we see all the efforts so many dealers are making to dispose of their stock of crockery to realize that we have had a tremendous trade in crockery, and especially so in dinner sets, which we were unable to secure fast enough to meet the demand. It is the same way with Furniture and Carpets.

We're doing a very satisfactory business, thank you; and the only way we can account for it is that our goods are all new and we are

JUNE TRIAL TERM.

Slow Progress Being Made
With the Pennie Case.

MRS. WAKEMAN GETS A DIVORCE.

**Martin Royce's Suit Against Middle-
town Temporarily Side-tracked—De-
fense in Walden Accused Case
Putting On M. & y Witnesses.**

The trial of the suit of Martin Royce vs. the city of Middletown was resumed, Tuesday afternoon.

Plaintiff, in cross-examination, admitted that an light was burning brightly at the corner of Fulton and Mulberry streets, not more than from where he sat, and that there was nothing to prevent its light falling on the walk. He tried to go into the army last July. He wanted to go in order to get killed. He afterwards worked for Mr. Emerson in his feed store for \$1 a day. His wife has not lived with him since he has been in Middletown. He lives at his home on Fairview avenue with his housekeeper, Mrs. Hunt, and her daughter.

John Dorcas corroborated plaintiff as to the ridge of ice on the walk. It was from a wooden Y-shaped gutter which was turned over so that the water ran out over one side. There was a glaze of ice at the corner of the store. The ice was the ordinary color of ice.

John Kutz has charge of Hillsides Cemetery, and saw the ice on the corner of Mulberry and Fulton streets. On December 17 he observed the ice there, and fell on his knees over it. He saw it on the 23rd. The ice was then five or six inches thick where the water dropped from the gutter. There was a little streak of ice all along the front of the store. The gutter was overhead across the sidewalk, and extended from the awning in front of the store. The ice was plain to be seen even from the other side. A blind man could see it.

THE PENNIE CASE AGAIN.

The case was here suspended, the jurors exchanging places with the jurors in the Pennie case and the trial of the latter was resumed.

It was stipulated between counsel that the case be referred to the trial of the "Trusts" in the third paragraph and substantially the same in several other places. The objection made to the proposed amendment was that it caused the defense "surprise."

After a long discussion the motion to amend the complaint was granted and an exception taken.

Moved by the defendant that a jury be withdrawn, denied and exception noted.

Plaintiff rested.

Defendant's counsel moved that complaint be dismissed on various grounds, the first mentioned and principal one being contributory negligence on the part of plaintiff. Mr. Snyth, of counsel for the defense, spoke at considerable length in support of the motion. The motion was denied and an exception taken.

Mr. Birch made the opening address for the defense.

OVER TILL WEDNESDAY.

Jurors and witnesses in the case of Royce vs. City of Middletown were excused until Wednesday morning, being cautioned not to converse with each other or anybody about the case.

Motion again made to dismiss on the ground of surprise, and that witnesses have here sworn differently from what they swore to in the case against the village of Walden. It was stipulated on the part of plaintiff that defendant might read from stenographer's minutes to confront such witnesses with their former testimony.

William H. Didsbury, president of the village of Walden, and for ten or eleven years a trustee, said he was president when consent of village was given to the building of the trolley road. He described conditions at the scene of the accident, prior to and at the time of the accident. The old highway was a beaten track; the trolley road and roadway were soft with new gravel; saw tracks of wagon from the turn where the traveled way of the beaten track crossed the trolley rails, 1,000 feet away from the bridge. The wagon tracks got off the beaten track where the trolley crosses. There were no other tracks leading to the bridge. The horse's tracks showed that it went between the rails. From their appearance the horse had trotted. One wheel of the wagon had crossed a rail of the trolley road twice between the turn of the road and the bridge.

Adjourned until 9 a. m., Wednesday.

WEDNESDAY MORNING.

The examination of Mr. Didsbury was resumed, and during the morning session the testimony of L. M. Williams, S. J. Navy, Daniel A. Holley, James F. Young, Charles L. Williams, Geo. M. Russ, W. L. Whigham, E. V. Clearwater, Gilbert Holbrook and Thomas B. Wood corroborated Mr. Didsbury's testimony as to the wagon tracks following along the railroad tracks and to the degree of light that prevailed at the time of the accident.

A DIVORCE GRANTED.

Mary P. Wakeman vs. Ralph D. Wukerman was heard by the court. It was an action for an absolute divorce on the statutory grounds. Sanford S. Gowdy represented the plaintiff who resides in Middletown and proved that defendant had spent the night at the Riverside Hotel, Walton, with a woman not his wife. There was no defense and the divorce was granted.

BASE BALL NOTES.

The Hamburg base ball team has challenged the Orange county team to play there June 24.

Madison made three runs, three hits, four put outs and one assist in the game against Cleveland Tuesday.

No morphine or opium in Dr. Miles' Pad.

Two iron steamboats grounded in a
fog, near Coney Island, Tuesday after-
noon, and for a time the women pas-
sengers were panic stricken, so panic
stricken in fact, that, forgetting their
proximity to Coney Island; they sang
"Nearer, My God, to Thee."

The situation in the Philippines was
anxiously discussed at Tuesday's Cabinet
meeting. The futility of further peace
negotiations was reluctantly admitted, and
the President and his advisers were
agreed that the conquest of the islands is
the only way in which our sovereignty
over them can be established. To this
end it was decided to increase Gen.
U.S.A. to 35,000 men, or 5,000
more than he asked for. This will be done
by sending more regulars to
Manila. Volunteers will not be called
for unless the situation becomes much
more critical than now seems likely.

The battle fought, Tuesday, at Las
Pinas, was by all odds the fiercest of the
war in the Philippines. The rebel force
was much better drilled and under much
better discipline than any that our
troops have yet encountered, and the
natives fought with splendid courage.
They were well supplied with cartridges
for their rifles, but had to improvise am-
munition for their artillery, firing home-
made canister loaded with nails. Every
inch of ground was stubbornly con-
tested, and the slight advantage gained
by our troops as the net result of the
day's fighting was gained by the sacri-
fice of many lives.

The June trial term of the Supreme
Court has been in session at Goshen for
a week and a half, and, with the exception
of the Carter-Schmitt assault case
and an unimportant milk penalty case,
the only cases tried have been "neg-
ligence cases," in which damages have
been sought for personal injuries alleged
to have been sustained in accidents.
There are a score of these cases on the
calendar which will not be reached until
this term, and which will occupy the
time of the court at the November term.
Probably these negligence cases will
all other litigation out of court, and if
two weeks' terms were not held they
would block the business of the Supreme
Court as effectually as the fire suits
against the Erie block general court
business in Sullivan county.

The New York Tribune devoted, Mon-
day, a column and a half to exposing the
effects of Alger's policy of expansion
in the War Department. It put the
department on a war footing by han-
dled the number of staff officers and
civilian clerks until it is overwhelmed
with useless employes and is a mon-
ument of official extravagance. Before
the Spanish war began the number of
clerks was 1,366, double the number
found necessary by Secretary Stanton in
1863 when the War of the Rebellion was
at its height, and this number was enor-
mously increased after the war began.
The Surgeon-General's Bureau, which
till down most conspicuously while the
war was in progress, now numbers 1,025 men while only 884 were necessary
in 1863. The war has not been the
only cause of all the bloat. The
department has been swelled by a
host of useless employes and is a mon-
ument of official extravagance. Before
the Spanish war began the number of
clerks was 1,366, double the number

a great success. Over a thousand pieces of Bread, Cake, Cream Puffs, Buns, Tarts, etc., baked and given away.

"The DOCKASH Beats Them All."

BRINK & CLARK.

ON THE TIP OF THE TONGUE

The Argus mentioned the number of cans of milk carried on the O. and W. trains, a few days ago, but the surprising record of that day has been disengaged. The two trains carried to Waukegan, last week, the following cans and boxes of milk:

June 6—4,941 cans; 4,455 boxes.

June 7—5,391 cans; 4,050 boxes.

June 8—5,700 cans; 4,404 boxes.

The total number of cans carried on the 8th, after resolving the boxes into cans, was 7,021.

The Coleville turnpike shooting adds another to the many tragedies which have reached the New York dailies via Middletown, N. Y., in the past ten years. But in Middletown proper all is peace and quietness, and there has not been a tragedy of our own since the mysterious deaths at "Fort Flynn," a few years ago.

There might have been one, however, when crazy "Dote" Godfrey sent a small bullet into the skin of Officer John Van. John did not return the fire, but there might have been a repetition of the Coleville business right there if the pistol had not been wrested from Godfrey's grasp and the officer had not kept his own gun in his pocket.

The bass season opens to-morrow and the reservoirs will be lined with fishermen from day break. Boats will do the lakes and all day long the attack on the finny tribe will be kept up.

The dam at Phillipsburg is being repaired and the water has been let out to a depth of three feet and the fishing in the stream will be very poor in consequence, the fish having moved down into deep water.

Boys with heliographs have been offering them for sale all day, the price ranging from 1½ cents to 2 cents each.

The violations of the time limit of the sprinkling ordinance have been many, the whirling lawn sprinklers having been left to whirl all day in some cases. A few five dollar fines will be apt to make the ordinance respected, for, if part of the people are to obey it, all should be made to do the same.

H. S. Sturtevitt, of Midway Park, who is commissary sergeant of the Third Battery, makes a stunning looking soldier in his blue uniform with red stripes. He and Junior Lieutenant Powellson had a fraternal meeting at Midway Park, Tuesday night.

The improvement of West Main street on the hill begins to look something like improvement since the crushed stone has been treated to a gravel covering. The street will soon be in splendid condition.

The council did two funny things at its last meeting. First, Doreenius offered to furnish sand at six cents a load. Then his price having been announced the council decided to ask for bids.

The bid for lighting having been decided in, opened and read, it was decided to hold the matter two weeks and Mr. O'Neal said he had reason to believe others wanted to bid.

WESTBROOKVILLE.

Summer Boarders—Many Personal and Local Notes.

Correspondence of Argus and Mercury.

—Quite a number of summer boarders have arrived at Oak Brook cottage.

—Miss Grace Hosier, of Haven, was visiting friends at this place last week.

—Roy Benedict and Miss Mary Bennett, of Wurtsboro, attended the Children's Day exercises here Sunday.

—Mrs. Harriet Goble, of Bridgeville, is visiting her niece, Mrs. D. S. Racine, of this place.

—Miss Mabel Corwin, of Wurtsboro, was in town for a few days last week.

—Mrs. Nathaniel Ladd and son, Ladd, of Brooklyn, arrived Saturday, to spend the summer at their summer home here.

—Mrs. John Saune, of this place, was visiting relatives in Middletown last week.

—Miss May Philecox, of Wurtsboro, was the guest of her friend, Mrs. S. D. Haviland, of this place, Sunday.

KILLED BY A DERRICK.

NEW LONDON, Conn., June 14.—C. J. Poland, aged 35 years, of the firm of Poland & Drew, stone cutters, Greenport, N. Y., was killed by the falling of a derrick on St. Paul's wharf yesterday. Poland was overseeing the loading of a schooner when a wire guy broke. He was struck on the head and instantly killed.

HARRISON'S NEPHEW MARRIED.

WINDSOR, Vt., June 14.—Edward Harrison, a nephew of former President Harrison, was married yesterday at St. Paul's church to Miss Susie Warden, a niece of Hon. and Mrs. William M. Evarts. The ceremony was performed by Rev. E. N. Goddard. A large number of relatives and friends of the bride and groom were present, but the ill health of Mr. Evarts prevented the attendance of himself and Mrs. Evarts.

STEWART PROPERTY CLAIMS DISMISSED.

NEW YORK, June 14.—Alexander Stewart, who claims to be one of the heirs to the property of Alexander T. Stewart, the dry goods millionaire, and Mary Agnes Carroll, his niece and another claimant to the estate, had their claims dismissed by Justice Scott in the supreme court yesterday. In his decision Judge Scott said: "Upon the case as presented I cannot escape the conclusion that this is a baseless action, begun in the hope that the defendants may find it cheaper to buy off the plaintiffs than to test the action."

KILLED BY A DERRICK.

NEW LONDON, Conn., June 14.—A regular of the internal revenue bureau is sued today will have the effect of prohibiting makers of blank checks and drafts from imprinting the same with revenue stamps under government authority. Hereafter the making of the checks and drafts and the imprinting must be done by different parties.

MADE TO PAY FOR PENS.

WASHINGTON, June 14.—The commission of pensions has rendered a decision that the receipt of a municipal pension by widows of firemen, policemen and other municipal employees does not entitle their right to a federal pension. The ground taken is that the municipal pension is a gratuity and not a vest-right.

DO NOT IMPRINT CHECKS.

WASHINGTON, June 14.—A regulation of the internal revenue bureau is sued today will have the effect of prohibiting makers of blank checks and drafts from imprinting the same with revenue stamps under government authority. Hereafter the making of the checks and drafts and the imprinting must be done by different parties.

DR. PIERCE'S FAVORITE PRESCRIPTION

—*March Money for Millions.*

DEADWOOD, Mass., June 14.—The will of the late William H. Taylor of Brookline, just filed for probate, bequeaths \$15,000 to the board of managers of foreign missions, \$5,000 to Holland college, Winter Park, Fla., and \$10,000 each to the American Home Missionary society and the American Missionary association.

—Aug. 15.—A. H. picnic at Mennerchor Park.

LIVE LOCAL TOPICS.

—William Anderson has placed a boot black's chair at Haring's saloon.
—Don't forget the O. & W. band's pic-
nic at Mennerchor Park, to-morrow night.

—The O. & W. band will probably
have a great crowd at its picnic, to-
morrow night, at Mennerchor Park.

—There will be a meeting of the Board
of officers of the Fire Department Friday night.

—A well known fire company officer
will be married next Wednesday, to a
woman of Walkill indy.

—A C. B. L. badge, marked James L.
Keegan, found by Samuel Jamp, of
Philipsburg, has been left at this office.

—Billy Allison Davis has selected Aug.
8th as the date of his big picnic at Men-
nerchor Park.

—There was a large attendance at the
Midway Park performance, Tuesday
night, and all seemed well pleased
with the bill presented.

—The Woman's Foreign Missionary
Society of St. Paul's Church will meet,
Thursday afternoon, at 4 o'clock, with
Mrs. C. W. Hill, editor of Coupling a-
venue and Waverly Place.

—Deepark Lodge of Locomotive Fire-
men will run an excursion, June 27, from
Port Jervis to Orange Lake, going to
the lake by trolley from Newburgh.

—Rev. and Mrs. C. J. Page will be glad
to meet their many friends at the straw-
berry and ice cream festival at the First
Baptist Church, Thursday, June 15.

—M. J. Donovan lost, Tuesday, a fifty
trip ticket between this city and Goshen.
Its number is 57. Finder will please re-
turn.

—The Ladies' Missionary Society of the
Second Presbyterian Church will hold its
regular monthly meeting at the Old
Ladies' Home, on Friday afternoon, at
3 o'clock.

—A representative of a New York pro-
duce commission house shipped, Mon-
day, by the O. & W., from Norwich, 22,
000 pounds of cheese, made at the Ply-
mouth factory.

—An attempt was made, at 2:15 Tues-
day morning, to burn the Goodrich store
house in Norwich. The fire was ex-
tinguished before much damage was
done.

—The mail box which was taken from
the old Erie station at the time it was
demolished and which has since been on
James street, near Isaacman's store, has
been returned to the new station near
the Wells-Fargo office.

—The pupils of Norwich's public
schools have been enlisted in the war-
fare against beet caterpillars and the
reports made by the youngsters in at-
tendance on one of the ward schools
showed that they had destroyed 76,025
of the pests in one day.

—The fact that ball playing is tearing
up the lawn at the State Hospital has
caused the authorities to request that
further playing cease until rain falls.
Hence the Printers-Orange County game
is off.

—Delicious ice cream so soft and fruited
at Lukens', 34 North street, and 17 West Main street.

—Women's house slippers. Fine
quality, serge slippers, 50c. per pair.
Fine Douglass, common sense slippers,
75c. per pair; women's patent tip
Oxford, 75c.

—Emond & VanSickle,
PERSONAL.

—Miss Kate Hearts and Miss Flora
Flynn, of Port Jervis, are visiting
friends in this city.

—Frank Simpson, who has been spend-
ing the past week in this city, returned to
his home in New York city, to-day.

—Robert Fogarty, of the Middletown
shops, has been guest for several days
of his mother, Mrs. Patrick Fogarty, of
Stedman street.—Norwich Telegraph.

—Charles Newton, a member of the
marine guard, who was aboard the New
York at Soutingo, is spending a few
days with his mother in this city.

—Mrs. Juliette Wilson returned last
evening to her home on Lake Avenue
from a three weeks' visit to the family of
her daughter, Mrs. George F. Gale, at
East Holliston, near Boston, Mass.

An Excellent Combination.

The pleasant method and beneficial
effect of the well known remedy,
Sulphur or Figs, manufactured by the
CALIFORNIA FIG SYRUP Co., illustrate
the value of obtaining the liquid laxa-
tive principles of plants known to be
medicinally laxative and presenting
them in the form most refreshing to the
taste and acceptable to the system. It
is the one perfect strengthening, laxa-
tive, cleansing the system—especially,
dispelling colds, headaches and fevers
gently yet powerfully and enabling one
to overcome habitual constipation per-
manently. Its perfect freedom from
any objectionable quality and sub-
stance, and its action on the kidneys,
liver and bowels, without weakening
or irritating them, make it the ideal
laxative.

The process of manufacturing figs
are used, as they are pleasant to the
taste, but the medicinal qualities of the
remedy are obtained from soya and
other ingredients, by a method
known to the CALIFORNIA FIG SYRUP
Co. only. In order to get its beneficial
effects and to avoid imitations, please
remember the full name of the Company
printed on the front of every package.

FOOD AND DRINK!

For the Sick Room.

A pure Grape Juice is refreshing and
valuable for infants. It feeds the blood,
which is the life of the body.
The following is the best recipe:
One bunch of grapes, 1 pint water,
1/2 cupful of sugar, 1/2 cupful of
ice cream, 1/2 cupful of cream.
The juice is strained through a
fine cloth.

For the Sick Room.
One bunch of grapes, 1 pint water,
1/2 cupful of sugar, 1/2 cupful of
ice cream, 1/2 cupful of cream.
The juice is strained through a
fine cloth.
